

Position Summary

Golden Vertex Corp, a **Mako US Corp** company, is seeking a strategic and results-driven Finance Manager to oversee financial operations, planning, and reporting. The ideal candidate will hold a bachelor's degree in finance or accounting and have a minimum of six (6) years of progressive experience in organizational finance and/or accounting. Experience in the mining industry is strongly preferred. This role ensures financial integrity, regulatory compliance, and supports operational decision-making within a mining environment.

Key Responsibilities

- Lead budgeting, forecasting, and financial planning processes for mining operations
- Prepare monthly, quarterly, and annual financial statements and management reports
- Analyze production costs, capital expenditures, and operational performance metrics
- Monitor cash flow, revenue streams, and cost controls across mining projects
- Ensure compliance with GAAP, tax regulations, mining royalties, and regulatory reporting requirements
- Oversee site-level financial controls and internal/external audit processes
- Support capital project evaluation, feasibility studies, and investment analysis
- Coordinate with operations teams to monitor cost per ton, equipment utilization, and project profitability
- Manage financial reporting related to inventory, fixed assets, and depreciation
- Ensuring the timely completion of month/quarter/year-end closing cycles
- Supervise and mentor finance/accounting staff

Qualifications

- Bachelor's degree in finance, accounting, or related field (required)
- Minimum six (6) years of relevant finance or accounting experience
- Mining industry experience preferred
- Strong knowledge of cost accounting, capital project accounting, and metals inventory accounting
- Proficiency in accounting software, ERP, SAP and advanced Excel skills
- Solid understanding of GAAP and financial reporting and compliance requirements
- Strong analytical, leadership, and communication skills

Preferred Qualifications

- Experience with mining production reporting and cost allocation
- Knowledge of regulatory and royalty reporting within the mining sector
- Experience working with a public company filer
